

## **Spaghetti Bolognese with Green Beans:**

### **Spaghetti:**

Heat water in a large pot with a teaspoon of salt. Add the spaghetti pasta and boil it until it is tender.

### **Bolognese Sauce:**

In a skillet, brown ground beef add some salt and pepper to taste. Add the pasta sauce. Let it simmer for 10 minutes on low heat.

### **Green Beans**

Add a tablespoon of butter to a skillet. Heat the skillet to medium and add the green beans (wash and dry them first). Sprinkle the green beans with salt and pepper. Saute the green beans until they are barely tender. You don't want them mushy. This should take about 5 minutes.

### **Plate:**

Place the spaghetti noodles on a plate and top them with a good amount of meat sauce. Add a side of green beans. Enjoy!!
